Notes

Any teams who disturbed the rest of the camp (especially the leaders) before 6:30a.m. were deducted 10 points on Saturday.

During Saturday all Scouts were asked to make sure their laces were done up properly to avoid trip hazards during the camp. Those found with untied laces were deducted 1 point each time their laces were untied.

During Saturday the Scouts were asked to keep their fires going from breakfast until just before they went to bed. Points were awarded for the successful completion of this task.

All meals were inspected by the judges and points awarded for the quality of the preparation, suitability of the food for a Patrol camp and whether the food was what was listed on the menus provided by each team.
